## Private Car Use Policy

On occasions, the use of private cars for transporting small numbers of pupils may be required, either taken by a teacher to a local school for a sports event or being taken by parents/carers to an away sporting match.

To comply with safeguarding/health & safety regulations, we have to ensure that volunteer drivers (including school staff) have confirmed with their insurance company that their car insurance covers them to routinely drive during school/working hours (this is usually referred to as 'business use' and is required for transporting children on educational visits during school/working hours), that they hold a current driving licence and that their vehicle is roadworthy in all aspects. The 'Drivers Form' at the end of this policy covers all of these aspects. Members of staff arranging for parents to act as drivers must ensure that the parents involved have filled in the form prior to the event. When organising drivers through school, staff must ensure that volunteers have a DBS check if transport is authorised for school purposes if they are not directly supervised by a member of staff (ie if it is not a private transport arrangement between parents). School staff are permitted to drive a minibus (up to 16 passenger seats) on educational visits if they hold both a D1 category driving licence and the NCC Permit to Drive or a full PCV D1 licence. Anyone who passed a car-driving test on or after 1st January 1997 will not have category D1 on her or his licence by right.

- All volunteer drivers must read this policy and sign the Volunteer Drivers Form annually.
- All drivers must have a full and valid driving licence for the class of vehicle they own and be free of any motoring convictions, and be willing to present their driving licence for inspection if requested.
- All drivers must adhere to the Highway Code.
- All drivers must have fully comprehensive insurance cover when carrying children. Members of staff are asked to check that their car insurance covers business use, which will then allow them to transport pupils in their own private cars.
- All vehicles must conform to all legal requirements.
- Each child must be restrained by a seat belt.
- Parents must supply booster seats for their child if under 135cm tall and have given permission for them to travel in a staff/other parents' cars for a school organised event. It is the driver's responsibility to see the seat is used.
- No adult should be 1:1 with a child unless it is their own child or agreed in advance with parents and Head Teacher.
- The teacher in charge will ensure that permission has been obtained from the parent to ensure that all parties are fully informed of the transport to and from events.
